A MESSAGE FROM THE BOARD OF TRUSTEES

The Willoughby-Eastlake Public Library continues to strive to provide high-quality public library service to the seven communities that we serve.

2017 saw the completion of two major renovations projects at the Willoughby and Willowick libraries along with the installation of additional upgraded computers for the use of our patrons at all four of our Libraries. Portable WiFi Hot Spots and tablet computers are now available for check-out.

As part of the resource-sharing CLEVNET consortium of public libraries across Northeast Ohio, we have expanded access to our Digital Media collection that now includes movies, music, and magazines. The Library's programming and outreach efforts continued to evolve in 2017 to stay current and meet the needs across the full spectrum of patrons in the vibrant communities we serve.

Thank you for the opportunity to serve you, your family, and neighbors.

2017 ANNUAL FINANCIAL REPORT

Return on Investment: The Willoughby-Eastlake Public Library generates \$3.55 of materials, programming, and services for our patrons and communities for each dollar of spending.
